

Week of: 10/05/2009-10/9/2007 Teacher: Anderson Subject: IPC

Monday	TLW: We will take notes over chapter 16 with key topics	Objective: 7A
		Activities: We will divide up in groups of 4 and read aloud to each other and extract need information over the topics of chapter 16
		Materials: Book and topics
		Follow Up/HW:
Tuesday	TLW: We will learn the math that goes along with Density	Objective: 7A
		Activities: We will do a worksheet using guided practice and working out density problem
		Materials:
		Follow Up/HW:
Wednesday/Thursday	TLW: We will do a lab identifying blocks and doing a density test.	Objective: 7A
		Activities: We will do a block density lab
		Materials:
		Follow Up/HW:
Friday	TLW: We will finish up the density lab and turn it in.	Objective: 7a
		Activities: We will finish the graph of the density lab and turn it in.
		Materials:
		Follow Up/HW:

***TLW**="The Learner Will" and it describes what the student will be doing in class on that day. This description should be specific. In Algebra I, the **TLW** could be "Work in groups to work polynomials; gra on white boards; present to class" The **objective** is the TEKS/TAKS/Project CLEAR objective that you are addressing. In Algebra I, the **objective** could be, "TEKS 4.a: Find function values, simplify polynon expressions".

Or in English II, the **TLW** could be, "Finish 1st draft of essay and work in pairs to proof read and provide feedback using rubric" and the **objective** might be, "TEKS 1.c: develop drafts both alone and collaboratively by organizing and reorganizing content and by refining style to suit occasion, audience, and purpose." (Delete this explanation before you use it.)
